Visas to enter Portugal

Pilgrims from the U.S., Canada, Australia, Great Britain, and the E.U. may enter Portugal using their passports; a visa is not required.

Pilgrims from other countries may need a visa to enter Portugal. The official source for information on visa requirements is your local Portuguese embassy or consulate.

Viagens el Corte Ingles or the JMJ organization cannot assist pilgrims with acquiring visas to enter Portugal. All pilgrims will receive a letter confirming their registration about 3 months prior to the event (April 2023). This letter should be included in your visa application. However, JMJ Lisbon 2023 registration does not guarantee that a visa will be granted. Visa decisions are typically made after the refund deadline has passed. This means that Viagens El Corte Ingles, unfortunately, is not able to provide refunds to pilgrims whose visa applications are rejected.
