Re: Free Emergency response preparedness training

The Central California Intelligence Center (CCIC) is again offering one-day live emergency preparedness and response to targeted violence training classes.

These classes will cover active shooter behavior, “SWATTING” incidents, the Run-Hide-Fight response to an active shooter attack, and “stop the bleed” tourniquet application training. Participants will receive a Combat Application Tourniquet (“CAT”) tourniquet upon class completion.

The first class is offered in Vallejo on August 5 from 8:00 AM – 3:00 PM. The next class will be held on October 17 in Yreka during the same hours. Seating is limited, particularly for the August 5 class in Vallejo. Class locations will be provided to attendees after successful registration.

Please click the attached link to find the classes on the Sacramento Regional Threat Assessment Center’s website.
