Re: Houses of Worship Safety Symposium – Redding
CalOES introduces new “Grants Central System”

Law enforcement agencies in Shasta County working with the FBI, CISA, and the Central California Intelligence Center (CCIC) are hosting another Faith-based Organization and Houses of Worship Safety Symposium in Redding on September 11, 2024 from 9:00 AM – 12:30 PM. Like last month’s safety symposium in Chico, this presentation will offer information about active assailant preparedness, de-escalation strategies, and non-profit security grant preparation. Although not listed on the event announcement, this presentation will be held at Our Lady of Mercy Parish in Redding.

Please scan the QR code in the attachment for registration information.

Separately, CalOES has announced changes coming to their grant application and documentation system. CalOES is the state administrative agency for the Federal FEMA/DHS non-profit security grant program and the sole administrator for their own grant, so parishes and schools applying for either grant should follow these developments as more information is released.
