Re: Faith based safety conference – Short Notice

---

Prepared Response, a private company that focuses on emergency planning and training for faith-based organizations, is offering a two-day safety conference in Rocklin on Friday October 4 and Saturday October 5 at the Destiny Christian conference center 6850 Five Star Boulevard).

The program is divided into two tracts with October 4 oriented towards safety directors and October 5 towards directors and team members. Material will include identifying threats, dealing with disruptive individuals, de-escalation techniques, and evacuation/shelter in place/lockdown strategies.

Participants can choose to attend either or both presentations. Registration fees are \$50 for one day attendance or \$90 for both days. Prepared Defense offered discounted rates for registration before September 15. I contacted the company and asked if they would honor the advertised discount of \$10 for one day attendance and \$20 for both days since I received late notice for this presentation. Prepared Defense graciously extended the discount but said Diocese affiliated participants will need to register with them via telephone instead of through the online link and advise that they are affiliated with the Diocese

Prepared Defense can be reached Monday through Friday at (916) 939-2277 between 9:00 AM – 2:00 PM.
