## **“The Marriage Catechumenate and How to Form Evangelizing Spouses”**

Join us for a unique marriage preparation training opportunity! Drawing on key insights from the recent Marriage Catechumenate document released by the Vatican. This talk will highlight the "arc" of viewing marriage preparation as a lifelong journey, with a focus on what can and should be done to support the formation and accompaniment of youth and young adults along this path.

Ryan Verret is an internationally recognized speaker, author, television host, and co-founder of Witness to Love, a grassroots catechumenal marriage movement renewing the Church through relationships since 2012. With a background in Theology, Clinical Psychology, and Medical Ethics, Ryan has also worked extensively in healthcare administration. Prior to Witness to Love, he was engaged in legislative and educational initiatives promoting the Culture of Life across the U.S. and Canada.

Ryan and his wife, Mary-Rose, are the parents of six children and reside in the heart of Cajun Country, Louisiana. Together, they are passionate about helping couples share their marriage with others and teaching that the home is a missionary outpost of the local parish.
